

Placement at the UG MBO BOL COURSE

Exploring the possibilities for a placement

You are enrolled in an mbo course and you have to do a placement. Why would you choose to do a placement at the UG?

At the UG, there are many different options for doing your placement. As the UG is constantly developing, there are a lot of career opportunities for you!

1

2

Applying for a placement

Look at Placement vacancies BOL to find a vacancy that suits you best. Write a motivation letter and a clear CV. The vacancy states to whom you should email the letter and the CV.

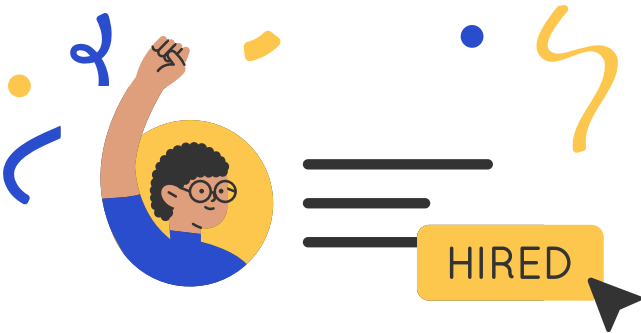

Interview invitation

You are invited for an interview! Prepare well; think about the questions you want to ask and which ones to expect.

3

4

Hurray! Hired

There is a mutual connection, and you are offered the placement. You are to inform your MBO institute about this and they will draw up a practical agreement. The UG will then provide a placement agreement for you to sign.

Placement at the UG MBO BOL COURSE

Placement agreement

The placement agreement contains all the important information about your placement: how long your placement will be, on which days you will work, what your compensation will be.

1

2

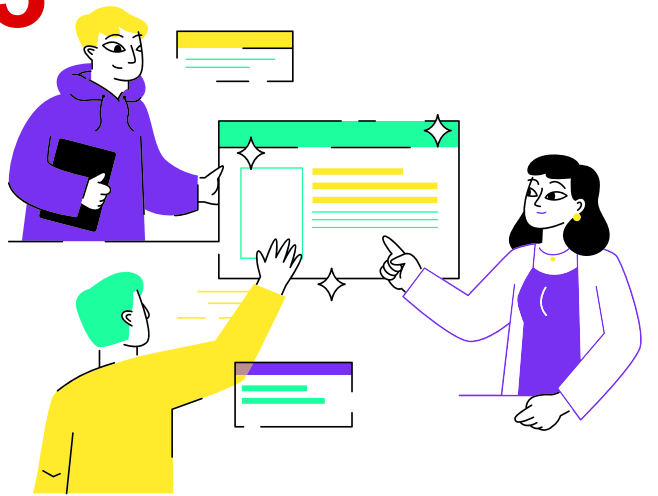

Your first day of work

Before starting at the UG, you will receive an email from your practice supervisor which states where and at what time you will meet each other.

During the placement

Do you think you need some extra help? Do not hesitate to report this to your practice supervisor or to the coordinator for MBO work placements and placements. The UG puts a lot of effort into the development of staff members, so there are certainly possibilities.

THE FUTURE
IS YOURS
TO CREATE

On completion of the placement

During your placement, you will have access to internal vacancies at the UG.

Noorderlink is also a good website to find out what you want to do after your placement ends.
