Checklist Master's degree programme Linguistics - track Applied Linguistics – TEFL

Name candidate:
Name university:
Bachelor's degree:
Date Bachelor's degree obtained (or expecting to be obtained):

Checklist table
Please answer the following questions in the table (max 500 words total)

Question	Answer
1. What do you expect from the MA track Applied Linguistics – TEFL?	
2. The Master track contains quite a bit of research. If you had to choose what to do research on, what would it be?	
3. Do you have any teaching experience? And if so, for how long and what did/do you teach? (Note that teaching experience is not required)	
4. Free space to mention anything you feel is relevant and not addressed.	

The content of your Bachelor's degree programme (and potential subsequent degrees)
In order to assess how well your Bachelor's degree matches our Master's programme please complete the following table.

In addition, please provide a course description of all courses you mention in this table and add them at the end of this document (see more information below).

Did you follow any theoretical linguistics courses? If so, which ones? *You can think of: Phonology/Phonetics, Syntax, Morphology, Semantics, Pragmatics/Discourse Analysis, and so on.*	
Did you follow any courses on second language acquisition or teaching methodology? If so, which ones?	
Do you have any experience with Research Methods? If so, which ones?	
Did/Will you perform any academic research during your undergraduate degree (or subsequent degrees), for instance for a research paper or a dissertation/thesis? If yes, please elaborate and provide a short (max 500 words description of the academic research project).	

Course Descriptions

Please provide clear and specific course descriptions of all the courses mentioned in the righthand column of the table above. Provide the title of the course, ECTS/credits, learning outcomes, overview, hours per week, assessment form(s), literature used, etc. below.
